DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

AUTHORIZATION

Authorization for this examiner's amendment was given in a telephone interview with Mr. Greg H. Parker on January 12, 2004.

TO CLAIMS

In claim 1, part (a), after third dielectric layer, insert --, which is not air--.

Also, in claim 7, part (d), after third dielectric layer, insert --, which is not air--.

Allowable Subject Matter

Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention as well as its arguments and finds that the claims define over the prior art. The prior art of record does not teach or suggest inter alias the limitations "...the second dielectric layer having a cavity wherein the first and second regions are exposed within the cavity and the first region insulated from the second region by a third dielectric layer, which is not air...."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
